PROJECT INFORMATION

Program / Project Title:
Free Supportive Services for Seniors and Disabled Adults

PROJECT TIMELINE

Start Date	End Date
01/01/2020	12/31/2020

Program / Project Description:
We are committed to providing no cost supportive services. We provide free transportation to help keep seniors and disabled adults healthy & engaged in personal & social affairs. We also offer telephone reassurance to help homebound individuals remain independent & reduce isolation. Our resource center provides information & guidance that help clients optimize their quality of life. Volunteers provide a fun and safe environment for seniors or others who are willing and able to volunteer.

Evaluation Plan:
Since we are a smaller agency we tend to utilize a few different types of evaluation processes in order to better understand and verify how our programs impact our clients and the community. We currently keep track of our program participants by using intake forms, conducting assessments and keeping up to date excel sheets. We also have monthly contact with our clients, at which time we always request feedback and document responses. This year we will begin to gather feedback from funders and community members in the form of survey cards. As our cliental continues to grow and we continue to have repeat clients and dozens of referrals being made to us daily we strive to continue to track our growth through current and new techniques in order to provide our new and repeat clients with services that match their daily needs.

Plans to sustain project beyond the term of this request:
Through special events, such as co-chairing the Morgan's Wonderland Senior Kick off day and collaboration with other organizations such as First Friday Network we continue to have significant growth and opportunities to serve and partner with the community. Through these collaborative efforts we have been able to secure additional funding that will contribute to long term success.
