**PROJECT INFORMATION**

**Program / Project Title:**

Whole Child Whole Community Conference

**PROJECT TIMELINE**

<b>Start Date</b>	<b>End Date</b>
11/04/2021	11/04/2021

**Program / Project Description:**

As the dynamics of our society begin to shift and children's social and emotional needs become more evident, we know that each one of us can play a role in changing the landscape to ensure that all students have an opportunity to succeed. Now more than ever, educators and youth care providers are looking for tools to support the whole child and their mental health needs, and our school and community leaders seek to build their knowledge to better advocate and address systemic barriers with hopes to build a more equitable future.

Focusing on the whole child requires the whole community to come together. As the largest mental health provider in schools, Communities In Schools of San Antonio is excited to host the inaugural Whole Child Whole Community Conference- a day dedicated to learning, community building, and wellness. Our goal is to bring the community together for professional development and cross sector dialogue to ultimately build a supportive and equitable future for the youth in San Antonio. To do this, we are seeking sponsorships that will support the cost of the event, while also serving as a fundraiser to support our agency budget. As a result of attending and supporting this conference, the education community and other sectors that work with youth, will be equipped with new tools and resources to better understand and support youth. Additional, eligible professionals will receive CE's and CEU's for professional development.

**Evaluation Plan:**

To evaluate our success, guest attendees will receive an event survey to help us understand their overall experience, increased awareness of issues affecting youth, and identification of new tools gained as result for attending the event.

**Plans to sustain project beyond the term of this request:**

Our goal is to turn this inaugural event into annual conference that brings the community together to stay up to date on issues affecting you and collect best practices, as well as celebrate advocacy efforts across the city.
